(JST, UTC +9)

Free of charge
Simultaneous interpretation
available

Capacity
500 people

This is a Zoom Webinar symposium connecting the Netherlands and Japan.

The IoP Collaborative Creation Center (IoPC3) was established in Kochi University on October 2021, to promote Digital Transformation (DX) in the agricultural sector with IoP technology. In this symposium, we will introduce the central research of the center and the latest research from the Netherlands, the leading country in the field of greenhouse horticulture. ※IoP = Internet of Plants

【Hosts】Kochi Prefecture, Kochi University
【Co-hosts】University of Kochi, Kochi University of Technology
【Sponsors】National Agriculture and Food Research Organization (NARO),
Japan Agricultural Cooperative (JA) Kochi central division, JA Kochi prefecture
